To His Grace her Majesties high Commissioner, and the Honourable the Estates of Parliament.

The ADDRESS of the *Barons*, *Freeholders*, *Heritors*, and others of the 4 Parishes of the *Glenkenns*; in the Stewartry of *Kirkudbright*, conveened at St. *Johns* Clauchan of *Dalray*, the 19*th* of *November* 1706 years; Upon the great concern, of the *Union* proposed and treated of in several *Articles* betwixt *Scotland* and *England*.

HUMBLY SHEWETH

THAT Whereas it is the privilege of all Subjects, to Petition and protest, so at this time, we in our severall Stations account it our particular concern, to represent to your Grace and Honourable Estates of Parliament; That, as we are not against an Honourable and safe Union with the Kingdom of *England* consisting with the honourable being of this Kingdom, *Claim of Right*, Parliaments thereof, without which, neither our Religion, which is most dear to us, nor our Royalties, Laws and Liberties as we now enjoy them, can be secured to us and our Posterity; far less can we expect to have the State of all these made better, and Improven, which is and ought to be the great concern of this *Union*, without a right constitute Scots Parliament, according to our antient constitution.

And seing by the present Articles of Union it is agreed that *Scotland* and *England* shall be united into one Kingdom, represented by one and the same Parliament, in which we are to be but 45 to counter-balance near to 700, by which our Monarchy is suppressed, and consequently our Royalties and Parliament are extinguished, and our Religion, Church government, Covenants and Engagements therein, Laws, Liberties, Trade, and all that is dear and pleasant to us, dayly in danger of being encroached upon, altered, or wholly *Subverted*, we may say being *English* in a *British* Parliament, when the mean representation allowed to *Scotland* can never effectually secure to us the immunities reserved by or granted to us by the English.

And by these Articles, our poor People are made liable to the *English* Taxes, which is a certain and unsupportable burden, comprising our trade and Customs of Salt and that the trade presently in uncertain Imposts and many hundreds of Acts of Parliament, which regulate, all manner of Import and Export by the Subjects of *England* and under the same prohibitions, Restrictions, customes and Duties. And considering that the most considerable branches of our trade are differing from those of *England*, and are such as may be more discouraged than their Encouragement that all our concerns both Ecclesiastick and civill, are after the Union, subject to such alterations as the Parliament of *Great Britain* shall think fit. And in particular as to our Church-Government engaging with the Queen in Parliament to have broke all our Solemn Oaths, formerly entered into and confirmed to us by them, and have set up Episcopacy in the government contrary to our own Settlements in the *Solemn League and Covenant*, and that Church set up by them established by 26 Church Canons, their Parliament has no Acts so much as mentioning the same but of their disallowance can have effect to any of the Acts of Parliament which clearly establish the same Church, and the ruin of our National Church,

We therefore supplicat your Grace and the Honourable Estates of Parliament, and do affiredly expect that ye will not conclude such an Incorporat Union as is contained in the Articles pro-

poſed, and that ye will ſupport and maintain the *Proteſtant Reformed Religion*, and church government as by *Law* eſtabliſhed. The Soveraignty and Independency of this Crown and Kingdom, and the Rights and privileges of *Parliament*, which have been generally aſſerted by our noble anceſtors, and you, in the Seſſion of this preſent *Parliament*, and do further pray that effectual means may be uſed for defeating the deſigns and attempts of all popiſh pretenders whatſoever, to the Succeſſion of this Crown and Kingdom, & for ſecuring the Nation againſt all attempts & incroachments that may be made by any perſons whatſoever, upon the Soveraignty, Religion, Laws, Liberties, Trade and quiet of the ſame. And we promiſe to maintain all theſe valuable things, in oppoſition to all *Popiſh*, and other Enemies, whatſoever, according to our Laws and Claim of Right, Provided always, likeas, we hereby proteſt againſt any ſuch Incorporating Union, and deſire the ſame to be Recorded in the Regiſters of *Parliament*.
